Welcome to the Carers August Newsletter 2025

Welcome to the August edition of our newsletter for unpaid carers!

The sun has finally made an appearance over the last couple of months, and with the arrival of summer, we have been busy delivering workshops, training, and enjoying group outings.

From June 9th to June 15th, we participated in Carers Week, a national campaign that recognises unpaid carers. Throughout the week, we held several events, including a forum, a carers' party, and a picnic in the beautiful grounds of Leeds Castle. You can read more about our activities for Carers Week later in this edition.

Additionally, you will find up-to-date information about our upcoming groups, training sessions, and workshops.

Following the success of our first session earlier this year, we are pleased to announce another date for the Virtual Dementia Bus. We also have a new talk available from The Cooperatives Estate on "Tax, Care, and Toy Boys." Although it's still summer, we are already planning for Christmas, and you can now register your interest for one of our Christmas events.

Please get in touch with us if you have any questions or if you are interested in attending one of our events.

Who is a Carer?

A carer is someone who provides unpaid care to a family member, friend, partner, or neighbour, who could not manage without their support. This could be due to age related frailty, a long-term physical or mental health condition, disability or substance misuse. The care you provide could involve lots of different things such as personal care, household tasks, managing medication, appointments, emotional support and more. No matter what your caring role looks like, we are here for you.

What We've Been Up To

Carers Week 2025

During the week 9th to 15th June, we took part in Carers Week, an annual national campaign which recognises the amazing and often undervalued work that unpaid carers contribute in families and across our communities. Throughout the week we held different events and workshops for carers across West Kent, offering the chance for carers to take a break from their caring role for a couple of hours, meet like-minded people and make new connections.

We kicked off the celebrations on Monday with a party! Both carers and those they care for were invited to join us for a delightful afternoon of lunch, a quiz, raffle, and a performance from Ellie, one of our talented Young Adult Carers.

On Thursday, we held a Carers Forum in Maidstone, with speakers from Kent & Medway and Social Care Partnership Trust, Blackthorn Trust and Kent Fire and Rescue. Our Forums are an opportunity for carers to hear from other local support services, and to share their voice on things that matter to them.

We also held a Carers' Wellbeing Afternoon in Tonbridge, joined by One You to discuss meals in a hurry, exercise and mindfulness.

Leeds Castle Trip

During Carers Week, we held a special outing to Leeds Castle, with some of our carers and young carers. The group enjoyed a leisurely walk around the castle and the grounds, followed by a packed lunch provided for by Graysons Carering.

I really enjoyed the wellbeing afternoon. I enjoyed meeting other people, the talk on nutrition, having the lovely fruit available, the exercises and the mindfulness session. It really made me stop and think about the way I would like to make changes as I have not really been looking after myself.

Thank you so much for arranging a carer for me so I could attend the wellbeing event. I really enjoyed every part of it; I can't remember the last time I was able to do something for me.

Thank you for inviting me to the forum, even though I was apprehensive I found it very helpful and made some new friends and we plan to support each other.

Walk, Talk, Draw

Earlier in July, some of our carers enjoyed a sunny afternoon in Mote Park. Led by fellow carer and professional artist, Cas Holmes, the group were encouraged to use all their senses to take in and experience the beautiful surroundings as they watched a demonstration of how to record what they noticed using various mediums including pens, leaves and watercolour pencils. It was a wonderful way to switch off from everyday life, relax, and have a couple of hours of 'me time'.

"This is something I've wanted to do for a long time but I didn't know where to start."

Thank you to Cas who gave up her time voluntarily to run this workshop. If you are interested in joining our next session, get in touch by 03000 81005 or email hello@involvekent.org.uk.

Many carers have found being able to meet and talk to other carers a huge benefit. Our peer support groups offer the opportunity to talk openly about your experience with others in a similar situation, or to simply take a break from your caring role for a couple of hours and unwind with a cup of tea.
